**Insurance** | HISS provides accident insurance for all HISS participants which is efficient during the program. For more coverage such as medical insurance, students are strongly recommended to buy their own insurance prior to arrival.

**Visa** | Since the program lasts less than 90 days, a 90-day tourist/student visa will be sufficient for enrollment at the Hanyang International Summer School. Depending upon citizenship, an entrance visa for Korea may not be necessary. For U.S. and most European citizens, a 90-day visa can be obtained relatively easily without the submittal of complicated documents. Please contact the Korean Embassy in your area to confirm what visa is needed to enter Korea, and to inquire about the process of obtaining that visa.
